Some memories of my school when I used to see technology around my area there was not very high technology in my village but If I talk about current is brilliant. I want to say that technology can never be stop and without any good employee any company can not survive so hire me and see my working experience as a front end developer thank you.

EXPERIENCE

01/03/2022 – STILL

FRONT-END DEVELOPER, GREEN SOFT

In Green Soft I completed 5+ projects with my team.

- ❖ E-Learning Platform
- ❖ CMS (Coaching Management System)

- ❖ And more

EDUCATION

2022 - 2025

B.C.A., R.N. COLLEGE HAJIPUR (VAISHALI)BIHAR.

I am BCA first year student and I am pursuing my graduation course.

SKILLS

- HTML5
- JavaScript
- Angular
- Rest API
- CSS
- MySql (Intermediate)
- Adobe Photoshop
- C Programming

ACTIVITIES

I want to start my activities with my hobbies like playing cricket, watching tech movie and singing. Still I don't get success to get job any large company but my thought is try to make easy all thing. It dose not matter that in future I get success or not but we should try to achieve our goal. This is the special thing which I have.
